## **Little People of Ireland Data Protection Policy**

### **Introduction**

The purpose of this document is to provide a concise policy statement regarding the Data Protection obligations of Little People of Ireland. This includes obligations in dealing with personal data, in order to ensure that the organisation complies with the requirements of the relevant Irish legislation, namely the Irish Data Protection Act (1988), and the Irish Data Protection (Amendment) Act (2003).

### **Basis**

Little People of Ireland must comply with the Data Protection principles set out in the relevant legislation. This Policy applies to all Personal Data collected, processed and stored by Little People of Ireland in relation to its volunteers, service providers and clients in the course of its activities.

### **Constraint**

The policy covers both personal and sensitive personal data held in relation to data subjects by Little People of Ireland. The policy applies equally to personal data held in manual and automated form.

All Personal and Sensitive Personal Data will be treated with equal care by Little People of Ireland. Both categories will be equally referred to as Personal Data in this policy, unless specifically stated otherwise.

This policy should be read in conjunction with Little People of Ireland's Privacy Policy and Cookie Policy.

## **Little People of Ireland as a Data Controller**

In the course of its daily organisational activities, Little People of Ireland acquires processes and stores personal data in relation to:

- Volunteers of Little People of Ireland
- Members of Little People of Ireland
- Third party service providers engaged by Little People of Ireland

In accordance with the Irish Data Protection legislation, this data must be acquired and managed fairly. Not all volunteers will be expected to be experts in Data Protection legislation. However, Little People of Ireland is committed to ensuring that its volunteers have sufficient awareness of the legislation in order to be able to anticipate and identify a Data Protection issue, should one arise. In such circumstances, the Data Protection Officer will be informed in order that appropriate corrective action is taken.

Due to the nature of the services provided by Little People of Ireland, there is regular and active exchange of personal data between it and its Data Subjects. Little People of Ireland exchanges personal data with Data Processors on the Data Subjects' behalf.

Due to the nature of events hosted by Little People of Ireland, it can involve the processing of data from underage subjects, LPI must ensure they have adequate systems in place to verify individual ages and gather consent from guardians. The state defines the age up to which an organisation must obtain consent from a guardian before processing a child's data.

This is consistent with Little People of Ireland's obligations under the terms of its contract with its Data Processors.

This policy provides the guidelines for this exchange of information, as well as the procedure to follow in the event that a Little People of Ireland volunteer member is unsure whether such data can be disclosed.

In general terms, the volunteer member should consult with the Data Protection Officer to seek clarification.

## **The Data Protection Principles**

The following key principles are enshrined in the Irish legislation and are fundamental to the Little People of Ireland's Data Protection policy.

In its capacity as Data Controller, Little People of Ireland ensures that all data shall:

Little People of Ireland will meet this obligation in the following way.

- Where it is not possible to seek consent, Little People of Ireland will ensure that collection of the data is justified under one of the other lawful processing conditions – legal obligation, contractual necessity, etc.;
- Where Little People of Ireland intends to record activity on CCTV or video, a Fair Processing Notice will be posted in full view;
- Processing of the personal data will be carried out only as part of Little People of Ireland’s lawful activities, and Little People of Ireland will safeguard the rights and freedoms of the Data Subject;

*2. Be obtained only for one or more specified, legitimate purposes.*

Little People of Ireland will obtain data for purposes which are specific, lawful and clearly stated. A Data Subject will have the right to question the purpose(s) for which Little People of Ireland holds their data, and Little People of Ireland will be able to clearly state that purpose or purposes.

Any use of the data by Little People of Ireland will be compatible with the purposes for which the data was acquired.

Once the respective retention period has elapsed, Little People of Ireland undertakes to destroy, erase or otherwise put this data beyond use.

*8. Be managed and stored in such a manner that, in the event a data subject submits a valid subject access request seeking a copy of their personal data, this data can be readily retrieved and provided to them.*

### **Data Subject Access Requests**

Little People of Ireland will ensure that, where necessary, such requests are forwarded to the Data Protection Officer in a timely manner, and they are processed as quickly and efficiently as possible, but not more than 1 month from receipt of the request.
